1 - ????? POV

"CRASH!!!" my partner had driven the ship right onto a beach. "Great." "Let's go get the missing parts." As soon as we found it, the alarm went off. As he and I were running back toward the ship I fumbled with the alarm, turning it off. "SPHINX!!" "AHH!!!" Hey, who was yelling? As we rounded the bend I saw a cat-boy protecting a dog-girl while a mummy rubbed his ears. "Fjkgu hugfyv itftyik..." The mummy groaned. "Xhjf hgt d yuty?" the cat-boy demanded. I gave him a blank stare, but then my eyes fell on his sword. "Easy pal," I said while backing away with my hands raised, "we were just leaving." I started walking to the rocket, he was tense, but my pal and I were allowed to leave.

2 - Kitcha's POV

Disclaimer: I don't own anyone but Kitcha.

I was lying down a few feet away from where Sphinx was trying, unsuccessfully, to teach Tut to fight. The young prince had remained a mummy, even though they had returned all his soul jars back to him. "Come on Tut!" She smiled at her boyfriend's useless attempt. He finally came and thudded right down next to her. As he was gonna say something, a bright flash echoed across the sky, and landed on South Beach. "Hey everyone!" I yelled as I sprung up, "let's go check it out!" We ran all the way there using the pad things and saw a big metal monster. Its glass face was still open and it was hollow inside. When Tut reached out to touch it I yelled "NO!" but too late. An ear-splitting scream came from the metal monster. The screaming stopped. I groaned as I rubbed my ears, Tut following suit. We had our hearing, minus me hearing bells, back, but Sphinx..... "WHAT?" he yelled when I asked him if he was okay. I walked up to him, got close to his ear and..... "SPHINX!!!" "YEOA!!" "Got your hearing back?" "Yea, but that wasn't how I wanted to get it back." We heard a crunch behind us. In a split second Sphinx had his sword drawn and me behind his back. A cat-like creature with a walking metal thing approached. I heard Tut groan behind me. "owwww my head....." "Who are you?" Sphinx demanded. I was gonna bet from their blank stares they didn't understand. Then his eyes fell on Sphinx's sword and he slowly backed toward the metal monster with his hands raised in a unthreatening way. Sphinx stiffened, but let the metal thing climb in. As soon as the monster roared Sphinx quickly knocked out the cat creature. We hauled him back to our house. It had a little basement with cages, a dungeon almost. Sphinx held the creature until I had put a pillow and some blankets in, making sure it would at least be comfortable, in case it was sick. As he walked upstairs I crept nearer toward the creature, and saw it had a strange chain collar with a tag that said "Ratchet."

3 - Sphinx's POV

I yawned as I laied on the bed. My mind went to that creature we had caught. "SPHINX!!" I heard Kitcha yell. "Something is wrong with Ratchet!" I figured that was the thing's name, that girl had a nack for finding things out. I followed her to the basement.
