*One day a huge magic bell was made.*

*Everybody was talking about it and cheering*

*"Ding Dang Dong the bell is here". It was a magic church bell and people wished'*

*Wished' wished upon it. At Christmas time the bell stopped and people's wishes disappeared. They blamed it on one poor person with no money or food and drink. Everyone threw snowballs at the poor person. One person's snowball had a rock in it the poor person was unconscious for 1 minute. later the poor person crept on that person. 1 year later the town was poor but that poor man now had a job and everything so he was rich. One person said " please spare some money for us we'll pay you back as soon as possible" "OK then" replied the man so he paid all of the people 5 gold coins each. " thank you and sorry for last year as well" "... umm I don't no but apologies accepted ". The end*
