Chapter 1 - Her.

2

1 - Her.

She was beautiful. Standing before him was a tall, curvy, dark-skinned girl that looked to be about 17 with long, long raven hair so black it shone green. She had on a skirt nearly as interesting as her, nearly down to the ankle. Plain, simple, and amazingly made of leaves. Her very revealing top was made of leaves also. What caught his attention the most, however, was not her unusual hair or the fact that her top barely covered anything, but the two glossy wings the same color as her hair sprouting from her shoulder blades. He gasped as she took his hand and placed a small pebble in it. "Guard it well, my son." Then she was gone, leaving behind only a single feather from her wings.

Sorry so short, peoples, I'm not to good with long chapters...
