Darkness Falls

(Light Version)

When I close me eyes,
That's when darkness falls.

When I close my door,
That's when darkness falls.

When I turn the lights out,
That's when darkness falls.

When I see shadows in the dark,
That's when darkness falls.

When I hear strange noises,
That's when darkness falls.

When I hear strange voices,
That's when darkness falls.

When I see death,
That's when darkness falls.

When I see blood,
That's when darkness falls.

When I dream,
That's when darkness falls.

When I scream in fright,
That's when darkness falls.

When I cry,
That's when darkness falls.

But, when I die,
I step into the light.
