Chapter 1 - give all the pain to me

2

1 - give all the pain to me

Give All the Pain to Me

Wrap your arms around me

And give me your pain

Whenever you need me

I'll be back again

I can be your savior

You can come to me

I'll help you through the danger

No more pain, you'll see

Tell me whatever ails you

I'll produce the cure

Tell me what I need to do

Your healing I'll procure

I'll be your Queen Maab

And give you sweet dreams

Time heals all the pain you have

Give all the pain to me

No matter the problem

Whatever the need

I'll be there for you

Give all the pain to me

Seeing her hurt hurts you

You wanna comfort her

But who will comfort you

When pain becomes your world

He stole your mind and body

He tore through your soul

He froze your loving heart

But I will heat the cold

She took your love and blew it

But she still had your love

She took your heart and threw it

To the birds above

I'll be your tin soldier

Silent as can be

I'll fight away the pain and hurt

Give all the pain to me

No matter the problem

Whatever the need

I'll be there for you

Give all the pain to me

Hush little baby

Don't say a word

Mamma's gonna steal your

Pain and hurt

And when you feel all

Good inside

Mamma's gonna have to

Say good-bye

But when Mamma leaves you

Back at home

Just know that you'll never be alone

I'll be your cry-on shoulder

And dry your painful tears

I'll be a constant boulder

Protect you through the years

Tell me what I need to do

Heart to heart flesh to flesh

Touching you will heal you

Steal your pain grant your wish

I hold my arms wide open

Come to me my dears

Tell me whatever scares you

Yes, tell me all your fears

I'll be in your heart

If you look inside, you'll see

The little light inside the dark

Give all the pain to me

I'll be your Queen Maab

And give you sweet dreams

Time heals all the pain you have

Give all the pain to me

I'll be your tin soldier

Silent as can be

I'll fight away the pain and hurt

Give all the pain to me

No matter the problem

Whatever the need

I'll be there for you

Give all the pain to me
